BLOWN OPEN WITH DYNAMITE

The Leakesville Postoffice Looted Last Night

RED HOT AFTER THE BLOWERS.

Manager Oliver Building a Line to
Danville—Popular Young Couple
to Marry This Evening.

Special to THE TELEGRAM.

Reidsville, N. C., Nov. 24.—When
the postmaster at Leakesville went
down to his office this morning he
found that some parties had been
there before him. The safe had been
blown open with dynamite and looted
of its contents and the building was
considerably wrecked by the force of
the explosion and the flying debris.

The safe contained \$150 in cash and
\$70 in stamps, all of which had been
carried off by the burglars.

It is thought that four men were im-
plicated in the robbery and the ap-
pearances of the men have been tele-
graphed to the authorities of the var-
ious towns and they are requested to
be on the look out for the criminals.
The local authorities are hot after
them and it is not thought they can
escape capture for long.

Manager Oliver has commenced work
on the telephone line to Danville.

Mr. Robert Minor and Miss Jennie
Ellington will be married at Main
Street Methodist church here tonight.

LOCAL BRIEFS.

All the drug stores will be closed to-
morrow from 10:45 a. m. to 3 p. m.

Cunningham Brothers tell you today
about the one important word this
time of year. Read their ad and find
out what it is.

City Editor R. M. Phillips left on
the noon train of the C. F. & Y. V.
for his old home in Moore county,
where he will carve the Thanksgiving
turkey.

Dr. L. W. Crawford came in last
night considerably exhausted from his
trip. He is in bed today but is feeling
improved over yesterday. His many
friends here will hope for him a speedy
recovery.

Uncle "Jimmy" Pegram, of Winston
who has been a delegate to the M. P.
annual conference every year except
two in fifteen years, was here this
morning going to High Point, to at-
tend conference.

Rev. Dr. L. W. Crawford returned
last night from Asheville. He is still
suffering very much from asthma,
passed a restless night, but was re-
ported as resting easier this morning.
We hope for him a speedy recovery.

Hon. R. A. Doughton, of Sparta,
was in the city this morning. He is
the ex-lieutenant Governor of this
State, who lots of republicans have
said was the fairest presiding officer
of the Senate which the state has ever
had, and he is the Democrat whose
ringing speeches made so warm for the
"Bull of the Brush" in the last cam-
paign.

If we mistake not it was decided by
the Board of Aldermen to take steps
toward changing the grade of E. Mar-
ket street so as to make it go under
the Southern Railroad instead of over
it. All trains pass this crossing at a
high rate of speed. Trains going
north run down grade from the depot,
trains coming in have to get a sling
on account of the up grade. We hope
the city will soon see its way clear to
act on this matter. It will be too
late when some one is ground to pieces
or wounded for life. Every vehicle
crosses the tracks slowly on account of
the approaches being steep at this
point.

Death of Chas. H. Hart.

Mr. Chas. H. Hart, who with his
wife lived at the McAdoo House here
several years ago, died in Farmville,
Va. yesterday. Mr. Hart at the
time he lived here was employed as
route agent of the Richmond & Dan-
ville railroad and was well known.
He was forty one years of age and
died of consumption after several
years of intense suffering. His funeral
took place today at Farmville.

The Merry-makers.

Thursday evening and night. Go
to the Academy and take the children
to the Thanksgiving matinee Thursday
evening at 2:30 o'clock. They come to
us highly endorsed by the press where-
ever they have given one of their popu-
lar plays. Remember they are
here only three nights, Thursday,
Friday and Saturday. Popular prices,
10, 20 and 30c.

CHARLOTTE IS DECORATED.

And the Street Cars and Hotels Flying
the Rival Colors.

The manager of the local eleven
says he is informed that Charlotte will
"put the big pot in the little one," and
everybody knows what that means, for
the Greensboro players. A good,
clean, snappy, gentlemanly game is
what both sides expect. The Observer
says:

"Football is the one topic of con-
versation among that class of people
who take pride in the progress of local
athletics. However, victory is by no
means certain. Though there can be
no doubt that the personnel of Char-
lotte's team will be superior to that of
any previous year, it is naturally
handicapped from lack of practice and
the team work will hardly equal last
year's. Charlotte's players are all
men and several others are school
teachers, whose work takes them away
from the city six days out of eight.
The personnel of the Greensboro team
while not yet known, is hardly equal
to that of Charlotte's, but they are
working hard to develop team work
and to perfect their plays.

The Greensboro team will make the
Central Hotel headquarters, and the
crimson will be seen flying from the
balconies today. The Greensboro
team is composed of a fine set of men,
and it is hoped that the game will be
characterized by fair conduct as well
as true football playing and that the
people will again have an opportunity
of witnessing a game in which none of
the ethics of athletics are violated."

If the old adage holds true the home
team will be the victor, since, as we
have expressed before, the Wright will
win, and Daniel proved victorious over
the king of beasts, and Boone once
held the wildest of men at bay.

Our brothers of the Queen City team
will not find the Jordan as easily
passed as did the old Patriarch. They
may confidently expect a Buck near
the centre. Neither need they be sur-
prised if they see something Bob up
from the line or the rear and sprint
for a touch-down, nor a big Boycott
in the end.

METHODIST PROTESTANTS.

A Large Number Viewed the New
Publishing House Last Night.

The local pastor, and members of
the building committee of the M. P.
Publishing House, had previously in-
vited the ministers and delegates en
route to Conference at High Point to
stop here last night and view the new
publishing house building just com-
pleted at a total cost of about \$8,000.

This amount has been collected or
otherwise provided for in subscrip-
tions and contributions ranging from
five hundred dollars to five cents, and
was accomplished largely through the
efforts of Rev. J. F. McCulloch, pastor
of Grace church and editor of the
Church Record. The visitors were all
proud of the splendid building and
words of commendation and praise
were freely expressed for the faithful
pastor and building committee. The
building was lighted from top to bot-
tom, and made a splendid appearance.
It is really one of the prettiest, if not
the prettiest in the city.

After viewing the building the com-
pany repaired to the K. of P. hall,
where an informal reception was held.
Rev. Mr. McCulloch made a few re-
marks, telling of the work of the
Church Record and the erection of the
handsome building which is to be its
home in the future, after which speeches
of commendation and appreciation
were made by Revs. T. J. Ogburn, of
Summerfield, W. F. Kennett, of Stokes-
dale, and T. M. Johnson, of Hender-
son.

A large number of preachers and
delegates were present, all of whom
spent the night here and were joined
by scores of others this morning and
went to High Point to attend Confer-
ence.

The Bal Poudre.

The dance at Bogart's Hall this
evening, under the auspices of the
Crocoll Club, will be the social event
of the season. Ball opens at 9:30.
The music will be furnished by the
Greensboro Orchestra under the able
management of Mr. Elam, and will
delight all those who love the strain
divine.

The marshals are: R. H. DeButts,
chief; J. Simpson Schenck, Everett B.
King, William D. McAdoo and T. S.
Horry.

The dancers will all be in costume,
some of which will be very elaborate.

Attention, Masons.

Regular Communication of Greens-
boro Lodge, No. 76, A. F. & A. M.,

THORN STILL PALE AND NERVOUS

Railway Trains Collide in The Pyre-
nees.—Six Million Feet of Lumber
Burned. Loss \$75,000.

By Wire to THE TELEGRAM.

Long Island City, Nov. 24.—The
Thorn trial opened promptly this
morning at 9:30 o'clock. The court
room was still more crowded than
yesterday even standing room being
taken. Both of the attendants con-
tinued their stories of identification of
parts of Thorn's body.

During the night Mrs. Thorn had
a nervous breakdown, weeping hys-
terically and was wholly unable to con-
trol herself. Supreme efforts were
made by the prosecution to get her in
a condition of mind to testify against
Thorn today but without success. She
was not able to take the stand. Thorn's
sister and her husband are present in
court today. Thorn is still very pale
and nervous.

TRAINS COLLIDE.

By Cable to THE TELEGRAM.

Paris, Nov. 24.—Two railway trains
collided at Forbes in the department
of the hautes Pyrenees today, killing
ten people and injuring many others.
The accident was caused by the heavy
fog which made it impossible to see
the signal.

BIG LUMBER BLAZE.

By wire to THE TELEGRAM.

Saginaw, Nov. 24.—Six million feet
of lumber valued at twenty-five thou-
sand dollars was burned this morning.
The yard belonged to Aaron T. Bliss
of Corroilton, three miles south of
here.

A Touching Tribute.

The attendance at the First Presby-
terian church yesterday was probably
the largest ever witnessed on a similar
occasion in Greensboro. It was a
spontaneous and touching tribute to
the work and worth of Dr. Smith. It
was an evidence of the force which a
good man may be a community, often
unconsciously, for its betterment, and
that the community never fails to honor
and cherish the memory of such a man.
It was a touching scene and one not
to be forgotten to see the large con-
course of men and women, old and
young, file past with tear-dimmed eyes
to look for the last time upon the man
who for so many years had been an
exemplar and a leader, a man who
kept his face steadfastly toward the
morning.

Killed a Few Rats.

It being an off season for fish and
snakes the Charlotte Observer works
off the following on a confiding pub-
lic:

For several weeks past A. G. Craig
& Bro. have been sustaining a serious
loss of feed stuffs by the depredations
of rats in their storage house. The
rodents would tear great holes in the
sacks of bran and the amount of stuff
they consumed was astonishing. It
was decided yesterday to make war on
the pests. The floor was taken up and
eight men with sticks set to work.
When the job was completed, they
counted 216 dead rats, which were
heaped into a pile for the curious to
see. It was the biggest rat killing
frolic on record.

"Dollar-a-Day Band."

The quarterly meeting of the "Dol-
lar-a-Day Band" of Saint Barnabas
church will be held at the rectory Sat-
urday afternoon at half-past three
o'clock, after which a called meeting
of the Ladies' Aid Society will be held,
at which all the committees of the
Bazaar are requested to report. A
prompt and full attendance is desired.

No Paper Tomorrow.

Tomorrow being Thanksgiving day
The Telegram will not be issued. The
staff and the force will observe the
day and be thankful along with other
folks.

NEGRO SHOTS HIS WIFE.

The Postoffice Looted by Experienced
Cracksmen.

A special from Maxton to the News
and Observer says:
Sam Farrell, colored, a shoemaker
in this place, attempted to murder his
wife and then himself last night. Far-
rell wanted his wife to go with him to
Durham, which she refused to do; he
at once went and purchased a pistol,
and, going back home at 7 p. m.,
asked her if she still refused to go with
him. She replied, "Yes," whereupon
Sam pulled his pistol, and, telling her
that her time was short, immediately
fired at her. She, seeing the pistol,
threw up her hands to her head, the
ball passing through her hand and
entering the back of her head, inflic-
ting a serious wound. Sam, thinking
he had completed his bloody purpose,
then turned on his own head, fired
twice, but fortunately for Sam, his
head was too hard for the balls to
affect it. He is now resting easily in
Lumberton jail.

This morning it was discovered that
the postoffice had been broken into,
the safe was blown open with dynamite
and about two hundred dollars
in cash were taken. There were four
registered letters in the safe, which
were also taken, but it is not known
how much money they contained.

Dr. M. C. Bryd's safe was sitting
behind the door, and was not discov-
ered. This safe contained about two
hundred dollars, and the doctor is
grieved over not losing his money, and
would be willing to treat the gentle-
men that did the robbery if they would
present themselves.

NOTES FROM HIGH POINT.

Preparing for Conference—Other
Local News.

TELEGRAM BUREAU.

HIGH POINT, N. C., Nov. 24, '97.

The ministers and delegates to the
Methodist Protestant Conference ar-
rived on the trains this morning.
They seemed to be in the best of spir-
its and were a fine looking body of
men. The invitation committee and
the pastor of the church here were at
the depot to receive and escort them
to their various homes. The Confer-
ence will be opened tonight at 7
o'clock in an address of welcome by
Mayor W. G. Bradshaw.

The Thanksgiving exercises to be
held at the Friends' church will be
under the direction of Prof. J. H. Crow-
ell, Superintendent of the Graded
School, and promise to be interesting.

All the merchants of the town have
signed a petition to close their stores
from 10 o'clock a. m. to 3 p. m. to-
morrow.

Mr. Fletcher Barbee was severely
hurt yesterday morning by coming in
contact with a telephone wire that had
been left hanging from a pole while
being repaired.

Miss Nellie Cramer, of Thomasville,
is in the city today.

Rev. N. R. Richardson and Frank
Gurby returned from Asheville last
night where they had been attending
Conference.

STEAMER TELEGRAPH SUNK.

One of the Finest Boats on Ohio River
Goes Down.

Cincinnati, Ohio, Nov. 23.—The
steamer Telegraph, one of the largest
and best boats plying the Ohio river,
sunk at Fern Grove, a short distance
from Louisville, last night. The mem-
bers of the crew and passengers had a
narrow escape from drowning, and a
number of sensational scenes were
enacted.

The cause of the accident could not
be definitely learned. The Telegraph
was on her way from Louisville to this
city with a small passenger list and
a large cargo of freight. The Telegraph
will be so badly wrecked that it will
be a total loss. She was worth \$10-
000.

LONDON IS BEHIND THE TIMES.

The inefficiency of Her Fire-Fighting
Equipment Fully Demonstrated.

London, Nov. 23.—The Daily Mail,
in an editorial called forth by the fact
that the people are marvelling that
such a fire as that which occurred here
on Friday is possible in London, as-
cribes it to neglect to reform the meth-
ods of the fire brigade.

"The fact is," the paper says "that
London's showy, but ineffective fire
fighting equipment is a decade behind
that of Montreal or New York. We
appear almost as unprepared for fire
as for a conflict with any first-rate
European power, and for the same
reason that we have antiquated
methods at the War Office we are out
of date at fire headquarters."

THE CLIPPER TOOK FIRE

Germany's Grab in China Has Set the
Mouths of England, France and
Russia to Watering.

By Wire to THE TELEGRAM.

New York, Nov. 24.—The three mas-
ted Scotch Clipper Port Patrick of the
port line which was taking on a cargo
of oil for Australia at pier nine on
east river at the foot of old ship took
fire this morning and after burning
three hours had to be filled with water
and sunk before the fire could be ex-
tinguished. The cargo of oil was val-
ued at \$100,000. The clipper which was
badly damaged was worth \$65,000.

WANT A BITE ALSO.

By Cable to THE TELEGRAM.

St. Petersburg, Nov. 24.—The Rus-
sian newspapers are urging that Rus-
sia, France and Great Britain should
occupy points in China to counter-
balance the German occupation of
Kiao chow Bay, in the Shan Tung
peninsula.

WORKED THE POPS.

Speaker Hileman Aims His Views on
the Situation.

Col. Olds writes the Charlotte Ob-
server:

The inquiry was made a day or two
ago as to why the election law was so
changed as to make the supervisors of
election no longer "State officers," to
require no oath; and in fact to take
away their power. The reply was
frank. The high republican official
who was questioned said: "The change
was really made by us so as to pre-
vent the populists from co-operating
with the democrats and thus contriv-
ing two-thirds of the election machin-
ery." In other words the law of 1895
was to enable the republicans to
"work" the populists. They "worked"
them. But they are afraid to trust
their allies of 1895-'97. That is what
it virtually amounts to. It means also
that the republicans no longer value
the populists as a force in politics.

Speaker Hileman left for home this
afternoon. He says he believes the
Pops can beat the democrats. He ad-
mits that all parties are in a tangle
and declines to say whether he thought
the populists had gained any strength.
He declares he is watching the dem-
ocrats to see whether they will "play
the fool" or not. When asked what
he meant by the phrase he said "all
of them join in with the gold men."

Cotton Gin Burned.

Special to THE TELEGRAM.

Ore Hill, N. C., Nov. 24.—J. W.
McAdams' cotton gin was burned at
Siler City this morning. The fire was
caused in the usual way, matches in
the cotton. The loss was \$1,500 and
there was no insurance.

THE FEVER PLAGUE.

Number of Cases and Deaths up to
Date in Fever Districts.

Washington, Nov. 22.—According
to the last weekly report issued by the
Surgeon General of the Marine Hospi-
tal service, giving the returns up to
the 19th instant, there had then ap-
peared, during the yellow fever epidemic
in the south, a total of 4,289 cases, of
which 446 proved fatal.

Of the number of cases, 1,847 were
reported from Louisiana, 1,625 from
Mississippi, 140 from Alabama, 52
from Tennessee, 16 from Texas, 4 from
Illinois, 3 from Georgia and 1 each
from Florida and Kentucky.

All but 10 of the cases reported from
Louisiana are credited to New Or-
leans.

The cases in Kentucky, Georgia and
Illinois were confined to refugees. A
computation shows that about ten and
a half per cent of the cases proved
fatal.

Facts Worth Studying.

If the Southern Stock-Mutual pays
no larger dividends than the 20 per
cent. now paid, and the business in-
creases during the next seven years in
the same ratio it has increased during
the last three years, the actual saving
for the ten years to policy-holders in
North and South Carolina will be
\$194,822.00, and to the policy-holders
in Greensboro alone, \$28,237.00. Be-
sides this the Company's assets (reinsur-
ance reserve and surplus) repre-
sented by still larger figures will be

HARRIS' LITHIA WATER OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis shows that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris' Lithia Water was made by the noted Dr. Ogden Rose, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris' Lithia Water is not superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris' Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris' Lithia Water possesses efficacy in the treatment of affections of the Kidney and Bladder unequalled by any other water of which I have made trial. This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned. Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours, THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris' Lithia Water: New Orleans, La., Aug. 13, 1894.

Harris' Lithia Water Co., Harris Springs, S. C.: Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia. Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.: Dear Sir: I have used the Harris' Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris' Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris' Lithia Water. Respectfully, SAVANNAH, GA. R. B. HARRIS, M. D.

"The Harris' Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D. Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893. An extended clinical use of the Harris' Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours, JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897. I have used for sometime Harris' Lithia Water in my family, and also with patients, and find it is the best Water I ever used in catarrhal condition of the bladder and bladder. It is also a good diuretic Water. G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893. E. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris' Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours, A. C. KAUFMAN, President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris' Lithia Springs: Dear Sir:—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris' Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully, GEO. HOWE, M. D.

Columbia, S. C. The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal; they are powerful alterative and tonic. They are everywhere to be found in the surface. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kidneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether lithic or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully, J. Q. WILBUR, M. D.

Waterboro, S. C., April 10, 1892. Camden, S. C., Aug. 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris' Lithia Water" for the past eighteen months. This gentleman has a stone of the bladder for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris' Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles. I am, yours respectfully, A. W. BURNETT, M. D.

Dear Sir: For the past eight months I have been using Harris' Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897. Dear Sir: I have found Harris' Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896. J. T. Harris, Esq., Harris Spring, South Carolina: Dear Sir: I have been using Harris' Lithia Water for sometime, and I will say to you that in my opinion that the Harris' Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy. R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga., April 20, 1897. Harris' Lithia Water Co., Gentlemen:—I have used Harris' Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it. CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

Commander of a Local Richmond Camp Dropped.

Richmond, Va., Nov. 23.—The committee appointed by the Grand Camp, Sons of Confederate Veterans, to investigate the charges concerning the employment of members of the camp by certain book companies, made their report tonight. They report from the evidence that Comrade Minstree Folkes has been guilty of "conduct unbecoming a gentleman and comrade" and that he be expelled from the camp. Mr. Folkes was commander of the local camp and a member of the History Committee. No other member was implicated in connection with any book company.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it! Sold for 50c or \$1.00 per bottle at C.
